Proceedings Access & Conference Schedule
Download the mConference app for iOS or Android, choose “ACM SIGCOMM 2016 Conference”, and start navigating through the program and news. To gain access to the conference papers, click on the link to ACM Digital Library. You may want to download all papers before the conference.

Hercílio Luz Int’l Airport
The airport address is Av. (Deputado) Diomício Freitas 3393, Florianópolis - SC. It is a small-sized airport distant 37km from the conference venue; the estimated trip time is around 40 minutes, on normal traffic conditions.

Currency Exchange
There is a currency exchange desk at the airport, “Cotação Câmbio - Change - Exchange”, in case you need last minute cash exchange. Opening hours are 7am - 10pm, including weekends.

Local Information
#ByTaxi
The taxi fare from Hercílio Luz Int’l Airport to Ingleses district varies between R$100 - R$120 (US$32 - US$40). The fare from Ingleses district back to the Airport is R$110 - R$135 (US$35 - US$45). Observe that fares may change depending on time of the day, weekday, and traffic conditions.

#App
You may call a taxi using your smartphone. The available apps are EasyTaxi, 99Taxis, and oCab (all of them for iOS/Android). Each accepts the following forms of payment.

<table>
<thead>
<tr>
<th></th>
<th>Visa</th>
<th>Mastercard</th>
<th>Amex</th>
<th>Paypal</th>
</tr>
</thead>
<tbody>
<tr>
<td>EasyTaxi</td>
<td>Yes</td>
<td>Yes</td>
<td>Yes</td>
<td>No</td>
</tr>
<tr>
<td>99Taxis</td>
<td>Yes</td>
<td>Yes</td>
<td>No</td>
<td>Yes</td>
</tr>
<tr>
<td>oCab</td>
<td>Yes</td>
<td>No</td>
<td>No</td>
<td>No</td>
</tr>
</tbody>
</table>

* 99Taxis requires a 3-digit PIN number to authorize payment when one finishes a ride. For Brazilians, the PIN number is the first three digits of one’s CPF. When installing the app, foreigners can use an option specific for those who do not have a CPF number; it will allow one to generate a 3-number PIN.

Advice for Travellers
As of August 06, there were no autochthonous cases of Zika in Florianópolis. More importantly, the city is located in a region with fewer incidences of Aedes Aegypti (mosquitoes found to be the primary vector for spreading Zika). You may want to be cautious nevertheless, and bring your own repellent (or buy one at a local drugstore or supermarket). Beware of repellent sprays because of airport security policies. You may also want to check more detailed instructions at CDC, Anvisa, or WHO, among others.

Electricity
Electricity voltage in Florianópolis is 220V. The Brazilian plug model is compatible with the European one, and many hotels offer wall sockets with both voltages (pay attention to warning signs on the socket voltage, if any).
